Grant in aid to the Anglo Vernacular Hindu Boys' School at Akkipet, Bangalore City

From The Private Secretary to HH the Maharaja

No 1288/1 Dated 2/12/04 Received 5/12/04

Diary No 3643	Enclos 1	Spare Copie	Serial No 1

Brief Abstract of Letter

Forwards for disposal a petition of the 21st November 1904 from S R Narayandrah, Head Master of the Anglo Vernacular Hindu Boys' School at Akkipet, praying for the grant Govt help towards the cost of the School

NOTES AND ORDERS

The above petition is forwarded for disposal with the following Remarks —

"If the facts are as stated, it would seem, in His Highness' opinion, a case in which some grant might properly be allowed, if the

Serial No 1

Insp^r Genl of Sch^s can find the money"

2 Last year In February 1904, the petitioner had addressed a similar petition to Govt and it was forwarded to the Insp^r Genl of Sch^s for disposal (Vide No G 424 & 26/2/1904) Accordingly the I Gl included the above School in the list of Schools recommended for new monthly grants during 1904-05 and proposed a monthly grant of Rs 20 for it

X

V

But Govt in their order No 1644 & the 15th August 1904 stated that the new monthly grants recommended, could not be sanctioned unless Savings are pointed out to meet the add^l cost

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

A 7011 Encls 1 / 4114

Bangalore 6th February 1905

From

H J BHABHA Esq ma,
Inspector General of Education in Mysore

To

B A Vishvanaradengar Esq,
Secretary to the Government of H H,
the Maharaja of Mysore,
General and Revenue Depts,
Bangalore

SIR,

With reference to your office memorandum No 5408-162-2 Ed dated the 23rd December 1904 forwarding a petition dated the 21st November 1904 addressed to H H the Maharaja by Mr S R Nanjundayya, Head Master, Anglo-Vernacular Hindu Boys' School, Sultanpete Bangalore and making inquiries on certain points, I have the honour to inform you that Mr Nanjundayya made an application to me for a grant in-aid in August 1903 but I referred him to the Municipality. When however failing to get a grant from the Municipality he applied to Government and the Secretary to Government forwarded his petition to me for disposal with his docket No 4214 dated the 26th February 1904. I included the school in the list of new grants submitted to Government with my letter No 9346/3614 dated the

19th April 1904 and recommended a monthly grant of Rs. 20 for the school. But these new grants were not sanctioned, it being ordered in Government Proceedings No. 1344 / Ed 32-03 dated 15th August 1904 that the proposals could not be sanctioned unless savings were pointed out to meet the additional cost. Nanjundarya then appealed to H H the Maharaja for aid in the petition under reference.

2 The School established by Mr. Nanjundarya in 1902 is held in a commodious rented building in Sultanpete and is fairly well attended having at present 138 pupils on its rolls. It is reported to have had a larger number but owing to cases of plague occurring in and around Sultanpete the attendance seems to have fallen during the last few months. The School has an Anglo-Vernacular branch with the III as the highest Standard and a purely Vernacular branch with infant classes.

3. Including the Head master there are nine teachers of whom two are F As. The salaries of the Assistant masters range from Rs 6 to Rs 12. There is no pay provided for the Head master who is reported to work gratuitously as funds are short.

4 The School is reported to be in a satisfactory condition in respect both of its attendance and management. But the position of the

School financially is not encouraging. The Subscriptions which were paid for a few months at the commencement are not paid now. The only income of the School at present is from fees which amount to about Rs. 77/- a month. The monthly expenditure of the School inclusive of house rent on the present low scale amounts to Rs. 101. But the teachers get much less than they deserve or what teachers of similar qualifications get elsewhere and the Head master gets no pay at all. The masters however have persevered in keeping up the School under these discouraging circumstances obviously counting upon the possibility of getting aid from Government or the Municipality of Bangalore. The latter body has refused to grant any aid. As however there is need of an Anglo-Vernacular School in the locality in which the Hindu Anglo-Vernacular School is established, I would recommend that a monthly grant of Rs. 25 may be sanctioned under the present circumstances of the School.

5 The charge may be met from the savings of Rs. 2388 in the State Fund Budget under grants-in-aid pointed out in the 4th para of my letter No. 663/396 dated 3rd May 1904 recommending a grant of Rs. 100/- to the Devaraj Bahadur Fund

+ 2nd to Govt

40

A monthly grant of Rs 13 was sanctioned out of these savings in Government Order No (641-2)-6-2 dated 26th July 1904 for the Carpentry School at Goribidnur Mr Narayandas's petition is herewith returned with thanks

I have the honour to be,
Sir,
Your most obedient servant,
H Bhabha
Inspector General

OFFICE OF THE PRIVATE SECRETARY
1076
2 - 12 1904
TO H.H. THE MAHARAJA OF MYSORE

To,

His Highness

Maharaja Sri Krishnaraja Wadayar Bahadur,

Maharaja of Mysore

May it please your Highness,

I beg very humbly to approach Your Highness, on a subject concerning the interests of the school-going population of one of the busiest centres of the Bangalore City

2 I am an humble and loyal subject of Your Highness and belong to a respectable family and am a resident of Bangalore

3 About 3 years back, the Bangalore City Municipal school, which had been located till then in a central position at Sultanpet, was in consequence of the prevalence of Plague in those parts removed to a distant place in the For This ~~charge~~ entailed considerable inconvenience to the young children of Akkipet, Arlepet, Chickapet and the other surrounding localities to whom the Fort school is nearly a mile and a half distant Except a Missionary Boy's Vernacular school at Akkipet, there was neither a Government nor any aided private school to resort to

4 In such circumstances, the merchant classes and other residents of these parts desired me to open a school for their boys nearer their homes promising me their help in the undertaking And then, Your Highness' Installation very fortunately afforded us all a most fitting opportunity for commemorating this event with the opening of a school and accordingly, on the 8th day of August 1902, a school was started and declared open A rented building in Akkipet

was engaged, and the work was commenced with the help of two other teachers

5 To begin with, the attendance consisted of but 2 boys, but before the expiry of 2 months, the admissions rose to 83 and by the close of last month- October 1904 the number on the roll rose to 182 with an average attendance of 130

6 With this unexpected progress, the teaching staff had also to be increased from time to time, so that at present there are 5 Assistant Masters with a Head Master The small building which had been originally rented, has been replaced by a very substantial and well ventilated building in Sultanpet admirably adapted for a school, on a monthly rental of Rs 20/- and a large stock of furniture has also been purchased The number of classes teaching up to the standard has been increased, so much so, that there are at present no less than 8 classes the details of which are given in the margin*

	No on the roll	Average attendance
11 Form	6	4
I Form	10	9
11 class	23	14
1 A class	32	25
1 B class	27	21
1 C class	29	20
Ver Infant A class	21	13
ver Infant B class	34	24
Total	182	130 x

* This appreciable fall in the average atterdance is due to the prevalence of Plague in the neighbourhood during the month

7 The income from fees is not however sufficient to meet the charge The collections average only Rs 80/- while the net ordinary expenditure inclusive of salaries of teachers and servants, house rent and contingencies aggregates Rs 110/-

8 The support which the merchant classes originally promised has gradually waned and the up-keep of the school has at present devolved wholly upon me What little money I had, has also consequently to be laid on the undertaking Unfortunately, as I am poor, it has not been possible for me to continue its maintenance with efficiency, without outside support, though for my part I should be always quite ready to sacrifice all my comforts and work in the interests of the school I may add that ever at present I

am expecting no remuneration for all my services in connection with this school

9 Driven to a necessity, I took the liberty last year of approaching the Government for some Grant-in-aid, who referred me to the Inspector General of Education I represented my case to that Officer, who in his turn referred me to the City Municipal authorities The latter have now finally declined to give any help, on the ground that the Municipality have their own schools to support These Endorsements are submitted for gracious perusal

10 That the school was opened to meet a real want and that it has fulfilled that want is evidenced both by the rapidity with which it has grown in importance and by the large attendance A kind perusal of the accompanying copies of remarks recorded by the several Officers and Gentlemen that visited the school, shows the progress made in its working

11 The authorities concerned not having favourably considered my humble prayer for a Grant-in-aid, I have, as a last and only alternative, ventured to lay my representations at Your Highness' feet and beseech Your Highness' sympathy and support to this charitable cause

12 My only prayer is that an Officer of the Education or other Department be deputed to inspect the working and progress of the school, and that, should it thereupon be satisfactorily established that the school is doing good work and supplying a real want and is in need of help, some support in the shape of a monthly contribution or a Grant-in- aid, be vouchsafed to it and that by this means the permanancy of this Institution be secured and a lasting benefit conferred on the young-school-going population of this thickly inhabited part of the City

13 It is my earnest desire that this humble undertaking, which was started in commemoration of Your Highness'

Highness' Installation, and to which I have devoted my best energies and to maintain which I have spent all my savings should not be allowed to sustain a sudden fall, which, I am afraid, it must, without the gracious help I am now humbly praying for So great is my anxiety to see the Institution prosper, that should it so please Your Highness I am willing to leave the entire management in the hands of the Government themselves

14 In laying these facts before Your Highness, I most humbly beg that the same may be given some consideration and that some help may be accorded on behalf of the Institution, and thereby not only ensure its permanancy but also confer a life long blessing upon Your Highness' school going infants of that part of the Bangalore City

I beg to remain
May it please Your Highness,
Your Highness' most obedient and humble
subject and servant,

S R Ranganadhiah
Head Master
Anglo-Vernacular Hindu Boys' school,

Camp Solur, 6th June 1904

Sd / B Venkatapathiengar
Deputy Inspector

At the request of the Head Master I had the pleasure to inspect and examine the Hirdu A V School, Akkipet, Bangalore The school was started in August 1902 with only 8 boys, and now it contains 98 boys, and they are distributed as follows -

English 1 Form 3, 11 class 10, and 1 class 49 and Kannada B class26 and A 10 The teaching staff consists of one Head Master and three assistant Masters The rates of fees range from annas 12 in the 1 Form to annas 4 in the Kannada B class, and the total collection averages Rs 30/- a month The school has gained importance by local energy and effort, and does good and useful work in the locality The accommodation is insufficient and the teaching staff should be increased

Sd B Venkatapathiengar
Deputy Inspector of Schools, Bangalore

11th December 1903

Mr Narjundaiya the Head Master of this recentl started school seems in my opinion, to have supplied a real want in opening this school It is situated in the most central place and is highly convenient to the young children, especially, of this part of the City Wher I was living in Cotton Petta, I keenly felt the want of such a means of educating my boys With Government aid, such a commendable enterprise is bound to get on As the large Institutions of the City are at great distance small schools reaching to the 1 Form Standard or so, are sources of endless benefit, in bringing Fducation to the Masses I have no doubt such laudable attempts implying a great deal of self sacrifice on the part of the originators, will meet with the approval and countenance of Government

Sd K A Krishnaswami Iyer
Assistant Master
Central College, Bangalore

19-6-1903

15

22nd April 1903 Bangalore

I visited the school (A V H boys' school) to-day at the request of the Head master Mr S R Nanjundiah I examined the boys in the 5 standards with the help of Mr Baparra, Hospital Assistart Sixty five were present, and we found them all fairly well taught in all their lessons I learn that the school was started in August, when the public in this part of the City thought fit to open the school on the occasion of H H the Maharaja's Installation (8th August 1902)

It has really made a rapid progress for the short time of its existence with only four teachers in the staff The attendance hours being from7 to 10 A M and 3to 5 P M of the day and the languages taught are English, Kanarese, Tamil and Telugu The energetic attempts of the masters seem to have gained the confidence of the Public here, and I hope that in their interest the authorities concerned will give the necessary aid towards the further improvements of the Institution

Sd N Baparrah
Hospital Assistart

Sd T Appu Rao B A B L
Advocate

I inspected this school this morning unexpectedly and am glad to find that there were more than 100 boys attending it The Head master takes great pains and interest to make the school so popular and as such deserves every encouragement and support

8th Jul 1904

Sd D Appu Rao
Retired Dy Supdt Revenue Survey

I had occasion to examine the A V school started and conducted through private enterprise by Mr Narjundiah

It seems to be managed by him with three other masters and the whole establishment has to be maintained on the stinted income from small fees Considering the short time it has been in existence it has really made much progress and will surely develop into a higher Institution with the help of the Government grant It will be a great relief to Education authorities to have such private schools started and maintained by regulated energy and they would immensely gain by granting the necessary help to keep such Institutions in a working state In large Cities it is very desirable to have such schools in convenient centres as the young boys can easily frequent them and be almost under the personal care of their parents or guardians With the disadvantages of poverty and want of Government recognition possessed by this school it is creditable to note that through the combined exertions of these teachers this school is maintaining a steady and decent progress I am sure the Deputy Inspector of schools will certainly see the value and usefulness of this Institution at such a centre as this and extend that help which it really deserves The boys are all young and promising and some of them are very smart and up to the standard I wish the

school ever success and trust the Government would give early support and recognition

13-6-1903
Bangalore

Sd B Surv narayana Rao B A M R A S
F R H S M M L S

I visited the Anglo vernacular Boys' school to-day at the request of the Head Master Mr S R Ranjudiah Though this is the first time I visit the school I have been watching with interest the progress of this Institution from its beginning It began with a very small number of boys and in the short time of nine months the number on the roll has come up nearly to 70 boys and there is every prospect of this number swelling up to a big number This alone speaks much of the energy and interest evinced by the Head master and other teachers From my personal knowledge of the Institution I have to say that the boys are very well taught This school is situated as it is, in one of the important parts of Bangalore is a necessity for the local residents. Besides such private enterprise ought to be encouraged as much as possible I hope that the residents of this part of Bangalore will take full advantage of this little Institution I also hope that the Inspector General of Education and the Municipality would take this private enterprise under their fostering care without which these enterprises cannot flourish well financially.

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE,

Camp ~~Bangalore~~ Sagar 6th April 1905

Ed 162/04/05

From

H J BHABHA Esq

Inspector General of Education in Mysore

To

B K Venkata Varada Iyengar Esq

Secretary to the Government of His Highness

the Maharaja of Mysore

Revenue and General Departments,

Bangalore

Sir

With reference to your docketed No 7856 dated Ed (162-04) 4

6th March 1905, I have the honour to inform you that the Municipal Kannada School at Bangalore in which it is proposed to teach English as a Second Language in the III IV and V classes has not yet been removed from the Fort to Doddakatte, but ~~WWW~~ this removal is intended to be carried out as soon as funds for the necessary house rent are made available by the Municipal Board. No doubt the removal of the Municipal Kannada School to Doddakatte will to a considerable extent lessen the necessity of having an Aided Middle School in Sultanpet But I should not be surprised if in a large city like Bangalore both the Municipal School and the Anglo Vernacular Hindu Boys' School in Sultanpet should flourish side by side It remains to be seen how far the attendance of the latter

School will be affected by bringing back the Municipal School to Sealdah Kattle Considering however the great difficulties and self-denial of the managers and teachers of the Hindu Boys' School, who have worked for years without remmuneration or on very low remmuneration, the moderate Grant of Rupees 25 a month recommended in my letter No 7011/414 dated 6 2 05 is not excessive or undeserved If in course of time it is proved that the Hindu School cannot maintain its attendance by the side of the Municipal School it will be open to Government to reduce or stop the Grant I recommend under the circumstances that Government may be pleased to sanction the Grant tentatively which has been included in the list of new Grants for 1905-06 submitted to Government for sanction

I have the honour to be
Sir,
your most obedient servant
